Mob:7054651299(W) | G.B Nagar, U.P

Summary

Ambitious Web Designer transitioning from a Commerce background, with a strong foundation in building responsive, user-centric web interfaces. Proficient in JavaScript, HTML5, and CSS3, with hands-on experience in creating pixel-perfect designs and intuitive user experiences. Leveraging analytical thinking and attention to detail to deliver high-quality digital solutions in collaborative environments.

Portfolio

- **Portfolio:** - This is my portfolio you can find my all the projects I made till now. I made it using HTML & CSS using grid method and media query to make it all responsive for all the standard screen sizes.
